Program Descriptions

UMMSM Department of Community Service (DOCS):
DOCS is a student-run organization at UMMSM, nationally recognized for medical philanthropy, providing preventive, primary, and subspecialty care to thousands of the medically underserved in our South Florida community through activities including 10 annual health fairs, 4 weekly clinics, and various other events that promote awareness of public and personal health.

- Describe leadership position: DATE
- Describe Health Fair Participation or other specific participation: DATE

UMMSM Academic Societies Program:
This program is a collaborative effort between students, faculty and administration to foster peer teaching of clinical skills, enhance teamwork, and provide students with leadership, research, and community service, and social opportunities.

Medical Scholars Program (MSP) - Accepted DATE
Sophomore undergraduates who have at least a 3.7 GPA are invited to apply to this prestigious program, which assures students of a place in the freshman class of the UMMSM. Those selected have the option of entering medical school after their third or fourth year of undergraduate studies.

Honors Program in Medicine (HPM) - Accepted DATE
This prestigious program enables students to combine their undergraduate studies and medical school, completing both the BS and MD degrees in 7 years

Candidate for Both Doctorate of Medicine (MD) and Master of Public Health (MPH) degree
This highly selective and interdisciplinary program integrates significant components of the MPH coursework into the MD clinical curriculum and allows students to obtain both their medical and public health degrees in four years. During this time, students complete a community-based Capstone project and spend their final two clinical years at the regional campus in Palm Beach County working with Public Health physicians and Preventive Medicine residents in clinical and public health activities.
