## (2) Cooperating Collections

Cooperating Collections (grant resources and searching assistance) <http://foundationcenter.org/collections/ccfl.html>

Cooperating Collections agree to provide free public access to the Center's online databases and a basic collection of Foundation Center publications during a regular schedule of hours, offering free funding research guidance to all visitors. Unfortunately, the Miami-Dade College down the street is NOT one of the libraries on the list. However, the MDPL on Flagler and NSU's Alvin Sherman Library are nearby libraries that do participate. Please check out the list for a location near you, and please call the institution before going to make sure their expert is available. Cooperating Collections libraries have grant materials, access to grant database(s), and provide grant searching assistance, as well.
